Colton J. Lemmon

(385) 445-0303   colton.lemmon@gmail.com   github.com/coltonlemmon   in/coltonlemmon

Skills

Swift	Objective-C	Core Data	CloudKit	Git + Github	FireBase
MapKit	CoreLocation	Java	RESTful API	JSON	Sketch

Projects

FIREMEMES - CREATE AND SHARE MEMES ANONYMOUSLY WITH NEARBY FRIENDS

https://github.com/coltonlemmon/fireMemes

- Worked with a team of 3 developers, worked on data modeling and CloudKit storage.
- CloudKit, MapKit, and CoreLocation used to store and retrieve data based on users location and the day.
- Created custom UI and animation for an easy to use, sleek, and natural feeling app.
- Handled git conflicts between developers.

WORKOUT LOG - TRACK WORKOUTS TO GET THE MOST OUT OF YOUR GYM TIME

https://github.com/coltonlemmon/WorkoutLog

- Used Core Data for persistence.
- Modeled data relationships between workout routines, days, exercises and sets.
- Custom views for a minimalistic user experience.
- Created a custom icon using Sketch.

CLOUDLIST - SHARE YOUR SHOPPINGLIST BETWEEN FAMILY AND FRIENDS

https://github.com/coltonlemmon/CloudList

- CloudKit used to share and update shopping list items.
- User notifications to alert users of new items.
- Implemented Grand Central Dispatch to work concurrently.
- Previously used FireBase to hold and fetch data.

Prior Experience

IN-N-OUT FLOORING - MAY 2016 - MARCH 2017

- Worked in a team of 5 to repair, remove, and install commercial flooring for major clients such as Smith's Food and Drug.

Education/Courses

DEVMOUNTAIN - FULL TIME IMMERSIVE IOS PROGRAMMING BOOTCAMP

WEBER STATE UNIVERSITY - CURRENTLY STUDYING COMPUTER SCIENCE

COURSERA - AN INTRODUCTION TO INTERACTIVE PROGRAMMING IN PYTHON
